RAMAVARAM

Ramavaram is located in Chennai, along Poonamallee High Road. A small underprivileged community near Miot Hospital with a population of four hundred is the site of our pilot project. Our activities here have included:

Survey

A door to door survey was conducted to collect information about the residents and their needs.

Education

Sangam India has funded scholarships to promote higher learning and runs a weekly Educational Programme to promote positive thinking and health education. We plan to promote vocational training in the future.

Healthcare

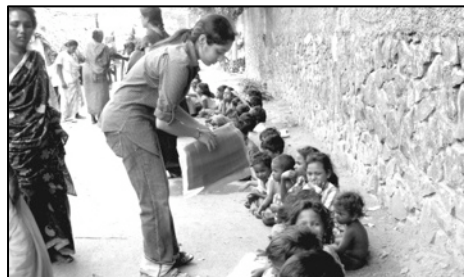

A medical camp, dental camp, ENT and ophthalmology camp, and women's camp were conducted and a variety of diseases ranging from vitamin deficiencies to abscesses were diagnosed and treated free of cost.

Meals and Activities

Sangam India regularly organizes constructive recreational activities for the children followed by distribution of nutritious, homemade meals.

As we serve this community we plan on developing a dynamic model to implement in other underprivileged communities.

A dedicated group of individuals who have made a personal commitment to improving the quality of life for the residents of underprivileged communities

MISSION

To improve the living standards of underprivileged communities in Chennai

APPROACH

By using a *'buddy-system'* approach, we will build personal relationships with the residents, especially the children. We encourage and assist enrollment in formal education. We foster health and hygiene awareness, provide positive role models and constructive recreation for children and offer vocational training for adults.

YOU CAN HELP SANGAM INDIA

- Raising awareness about the challenges facing Ramavaram and similar communities
- Contributing funds, new or gently used clothes for men, women and children, toys, stationery, etc.
- Providing medical, legal, and other expertise to Sangam India for its projects
